About us

HSY Technical Services Co LLC was founded by a group of individuals with extensive experience in the concerned industrial sphere. We have extensive experience in every area of architectural design and execution. residential, hospitality, food and beverage, retail, workplace, and educational sectors. The management has nurtured and developed the team of employees from the start while maintaining honesty, empathy, adaptability, creativity, and transparency in mind.

Unparalleled in the field. The satisfaction of Our Business Partners in the public and private sectors has been made possible by professional management, high-quality deliverables, an outstanding safety record, a demonstrated capacity to satisfy Project Requirements on time, and our cooperative and proactive approach.

We are committed to working as a team with our business partners to successfully complete each project in terms of quality, safety, schedule, and budget. We are glad to offer a wide range of technical services, interior, and exterior works.

Quality & Safety

Our team at HSY Technical Services Co. LLC. is completely committed to raising quality standards in all areas of business. We are a dedicated group that always aspires to success through quality and complete customer satisfaction through;

1. Delivery on time and with-in the allotted budget.
2. Providing high-quality goods and equipment.
3. Adapting to a changing set of requirements.
4. Continuous improvement through committed work.
5. Efficient resource management.
6. Use of cutting-edge engineering techniques.
7. A secure and healthy workplace.

Our skilled supervisors regularly check the installed materials' quality and conformity to the design, Continuous quality control by HSY Technical Services Co. LLC inspections eliminates replacement of installed parts and fosters effective outcomes while saving time and money.

The HSY Technical Services Co. LLC is wholly dedicated to advancing safety standards on a constant basis. By focusing on safety, we are focusing on our surroundings, we are caring about people, and we are caring about our client. We are making preparations to launch a fully functional safety program overseen by a safety coordinator, which will enable us to keep a spotless safety record. All of our employees who work on-site adhere to the appropriate dress code, which may include wearing safety shoes, caps, belts, coats, etc. Safety is our main priority, and we adhere to any applicable site/construction rules.
